

## 2015-16 Virginia Business Leaders Poll

Institute for Policy and Opinion Research

## FREQUENCIES

As you think about the current business or economic conditions in Virginia as compared to six months ago, would you say they are considerably better, a little better, about the same, a little worse, or considerably worse?

	Frequency	Percent	Cumulative
<b>Considerably better</b>	12	3.9	3.9
A little better	100	32.5	36.4
About the same	134	43.5	79.9
A little worse	47	15.3	95.1
Considerably worse	15	4.9	100.0
Total	308	100.0	

Looking forward from today through next year, that is, the entire 2016 year, how would you describe your expectations for the economy in Virginia?

	Frequency	Percent	Cumulative
Considerably better	22	7.1	7.1
A little better	124	40.3	47.4
About the same	102	33.1	80.5
A little worse	47	15.3	95.8
<b>Considerably worse</b>	13	4.2	100.0
Total	308	100.0	

Questions and comments should be directed to Dr. Alice Louise Kassens, Associate Professor of Economics, Roanoke College and Senior Analyst, IPOR kassens@roanoke.edu. Frequencies are weighted. Unweighted values are used in the associated release.
