Faculty Development Series  
5 September 2013  
Preparing Students for their First Conference Presentation  
Rachel Collins, Biology

TOP TEN TIPS

1. Harness your nervousness into energy that fuels your talk

2. We are colleagues

3. Practice 1,000 times

4. Show them one of my presentations

5. Think about the audience

6. What Not to Wear

7. Journal Club

8. Students go to Biology Seminars, senior thesis defenses, etc.

9. Annotated bibliography

10. Graduate School Model
