Summer Edition | Stay connected with us through the [PLACE group on LinkedIn!](#)

PLACE in the Summer!

Summer is the perfect time to take advantage of PLACE to prepare for your future careers. Whether you're exploring potential career paths, refining your resume and cover letter, or developing professional skills, PLACE can provide invaluable support and resources. With fewer academic commitments, you can focus on career development, networking opportunities, and one-on-one appointments with our staff. Utilize this time to enhance your employability, gain clarity on your career goals, and get a head start on your job search, ensuring you're well-prepared for the upcoming academic year and beyond. *Many companies are already*

hiring for Summer 2025 internships, so don't miss your chance for a competitive application! Drop by PLACE or schedule an appointment in [Handshake](#) to learn more about how you can make the most of your summer!

Start planning for fall! Events are already in Handshake and you may register now to get reminders leading up to the event. Mark your calendar for our fall job and internship fair on Monday, September 30th! It's a don't want to miss event!

Have a LinkedIn profile? Make your headline stand out!

Most students' LinkedIn headlines say "Student at [institution]". Want yours to stand out? Add some information about you! History Student at Roanoke College is a good start - add more! In an internship? Completed certifications? Developed specific skills needed in your industry? Include those!

[Internship] | [Degree] | [Certification/Skill] | Aspiring [Target Role at Graduation]

How much better is "Smithsonian Institute Archives Intern | History Student at Roanoke College | Digital Humanities Enthusiast | Skilled in Data Analysis, GIS, and Digital Archiving | Aspiring Historian and Researcher" than "Student at Roanoke College"? Want to update your profile further? Schedule an appointment with PLACE today.

PS. Updating to this template also helps you out with the recruiter algorithms!

Senator Mark Warner's Roanoke Office Fall Internship

Senator Mark R. Warner's Roanoke office seeks undergraduates or recent graduates for a constituent services internship. Senator Warner serves Virginia in a variety of ways, including by developing public policy, providing direct assistance to individuals and local communities, and listening to the different needs of the diverse communities across the Commonwealth. He is proud to be able to offer students an opportunity to learn more about these responsibilities through an internship.

Preference will be given to candidates who have completed their first year of college and who reside in Virginia or attend college in-state. To be eligible for an internship, an individual must have graduated from high school. In order to be considered, all applicants must meet the requirements below, and submit an application by the deadline.

If applying for an internship in one of the Senator's Virginia offices:

Fall interns that meet the minimum time commitment and are authorized to work in the U.S., pursuant to federal law, will receive a stipend: \$1,000 pre-tax stipend for 12-23 hours per week commitments, or a \$2,000 pre-tax stipend for 24 hours or more per week commitments.

Duties might include: answering constituent phone calls and providing callers with assistance; processing constituent requests for assistance; helping staff develop regional outreach calendars; attending community outreach events; preparing congressional inquiries; supporting the congratulatory letter operation; front office duties; basic office administration; and performing a host of other tasks, large and small, that help the Senator achieve his Constitutional obligations.

In order to be considered, interested applicants must complete the online application located on Senator Warner's website by **12pm on Sunday, August 11:**

<https://www.warner.senate.gov/public/index.cfm/internships>

Pallas Foundation Fellow Position Application

Pallas Foundation is looking for its 17th cohort of Fellows to join an impact-focused national security advisory firm that specializes in assisting emerging technology companies navigate the national security ecosystem. This is a paid, part-time, fixed term position (approx. mid Sep through mid December). Opportunities are available in-person in Washington, DC and virtual.

Learn more about the program [here](#). To apply, please submit the requested information to the link provided [here](#).

National Institutes of Health Graduate and Professional School Fair

Interested in biomedical sciences? On July 17, 2024, the National Institutes of Health (NIH) will host the 17th NIH Graduate & Professional School Fair. With representatives from more than 260 colleges and universities from across the U.S., it is their largest Fair ever! These representatives will showcase their graduate schools, medical and dental schools, schools of public health, and other biomedically relevant programs at the Fair in hopes of recruiting college students and recent graduates to their programs. The day will also include hybrid panels on getting to graduate or professional (medical/dental) school; MD/PhD programs; public health; psychology, and knowledge bites on MCAT prep, well-being, and interviewing. If you're unable to join in-person, you can view the panel sessions online. The full agenda will be published on the website soon. Student registrants will also have access to a list of upcoming events hosted by our exhibiting institutions.

Handshake Highlights

Prevention Specialist at Alleghany Highlands Community Services in Covington

<https://roanoke.joinhandshake.com/edu/jobs/9086793>

The Prevention Specialist works in the community under the supervision of the Prevention Services Coordinator as a team member in the Prevention Services program of Planning District One Behavioral Health Services to promote and implement specialized Substance Abuse Prevention programs. The Specialist may be given specific tasks regarding specific areas in Prevention such as Alcohol, Tobacco and Other Drug (ATOD) prevention programs for young people and their families. The Specialist is also responsible for developing community support for the programs offered. The activities of the Specialist benefit the entire community as well as the individual participants.

Education: Bachelor's degree required in human services or related field.

Part-Time Teller at HomeTrust Bank in Vinton

<https://roanoke.joinhandshake.com/edu/jobs/9082028>

Tellers provide exceptional customer service through accurately performing various banking transactions and handling routine customer service issues all within established operational guidelines, policies, and procedures. Through strong customer relationship skills, Tellers educate customers on new products and services as well as recognize opportunities to make referrals as appropriate.

Key Responsibilities include:

Receiving checks and cash for deposits to accounts, verifying amounts, examining checks for proper endorsement, entering deposits into computer records, and placing holds on accounts for uncollected funds.

Cashing checks and processes withdrawals, paying out money after verification of signatures and customer balances.

Receiving and processing mortgage, consumer loan, and other payments, and ensuring the payments match balances due.

Requirements include high school diploma or equivalent, 1+ years of public contact or sales experience, above average PC and technology skills, and ability to use applicable software and operation of branch automation systems.

Chemistry Intern - Sorbent Research and Discovery at MOVA Technologies, Inc.

<https://roanoke.joinhandshake.com/edu/jobs/9084162>

Climate Tech company, MOVA Technologies, is reinventing the economics of air filtration with innovative new technologies and has an immediate opening for a chemistry intern, specifically in the area of sorbent research and discovery. This position is ideal for someone that is genuinely passionate about functional porous materials for air purification, gas separation, and gaseous storage such as MOFs and other types of sorbents and nano materials.

This is a paid internship ranging from 14-24 hours per week and full-time over the summer (full-time co-ops are available as well) in Blacksburg or Pulaski. The work schedule will be very flexible allowing student interns to work within their other time commitments. This is not a boring, big-company internship; rather, you'll be getting real-world experience working alongside engineering teams to provide valued input to help our

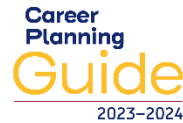

business grow and work towards market-ready solutions that will help our planet. The intern will be required to work independently and provide progress updates at weekly check-in meetings.
